

## Friendship Star

This is a 12" block.

### Supplies list

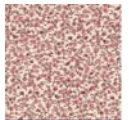

You need two different colors:

Color 1

For color one you need to make:

One 4½" square And  
One 4 7/8" X 9 ¾" strip

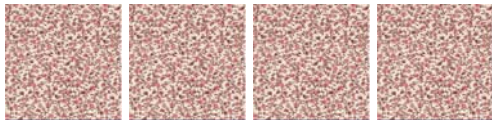

Color 2

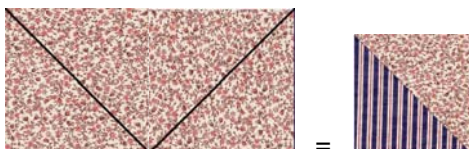

For color two you need to make:

One 4½" X 18" strip And  
One 4 7/8" X 9 ¾" strip

### Making the Block

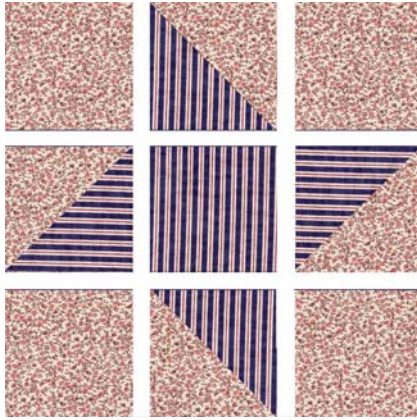

Start with making the color two strip 4 ½ " X 18" strip then cut the strip into 4 squares of 4 ½ ".

Now make the color 2 strip 4 7/8" X 9 ¾" strip and the color one 4 7/8" X 9 ¾" strip and place them on top of each other and on the light color mark the square lines you have to sew after. Sew ¼" from the line on both sides of the line. As shown on the picture. Press the block. Press the seam to the dark side. Remember to trim the block to be 4 ½" if it is needed.

You can also cut the strips into 5" X 9 3/4" squares since 7/8" is so close to 1" then I just trim the square to be 4 1/2".

When you piece the block together you sew 3 rows. Then sew the rows together. Then press the seams and trim the block to be 12 1/2" if needed.

Have fun sewing ☺
